The meeting was called after a discussion among church deacons.

Law enforcement officers and school officials will be invited to attend. An invitation has been extended to anyone in the community wishing to participate.

The play was presented in District IX 3A play competition in Muleshoe Saturday, according to Rex Manley, CHS speech instructor.

Those named to the all-star cast from CHS were Charles Starnes, Julie Puckett, and Mary Mitchell, Steve Hilton was commended by the judges for an outstanding performance.

### Begert Given SMU Honors

BY ART ALBRACHT  
Bob Begert, an all-state basketball player at Canyon High School in the 1962-63 season, was named this week as recipient of the Bobby James Memorial Award for basketball at Southern Methodist University.

The award is presented annually to the Mustang cage player, who has shown outstanding achievements on the court, in scholastics and student activity. The 6-6 junior forward was a big man in SMU's drive to the Southwest Conference basketball championship this season and also was outstanding in the regional NCAA tournament several weeks ago.

Begert, the son of Mr. and Mrs. Frank Begert of Canyon,

BEST ACTRESS, Lou Cowart, left, shares honors from the one-act play competition held in Muleshoe Saturday with Charles Starnes,

Julie Puckett and Mary Mitchell who were named to the all-star cast.

### Exes To Break Ground For Entrance Saturday

Groundbreaking ceremonies for an entranceway monument for West Texas State University will highlight a meeting of the new Alumni Advisory Council of the West Texas Ex-Students Association Saturday.

The groundbreaking ceremony will be conducted at 1:30 p.m. on the Fieldhouse lawn. A contract for \$8,963 for construction of the entranceway has been let to Page and Wirts of Amarillo with completion due in 120 days. A majority of funds were raised through student and ex-student donations.

The entranceway will include two tri-columns with appropriate lettering on either side of the main campus boulevard leading onto the campus from Highway 87. Two smaller columns in the boulevard median will hold gas jets which will first be lighted for the 1966 Homecoming in October.

was also honored by his teammates, as he was elected captain for next season by the SMU cagers.

The blond haired forward started off slow this season but really came along toward the end of the season. Begert's brilliance hit its peak in the regional tournament game against powerful Kansas. Begert refused to let the presence of 6-11 All-American center, Walt Wesley, stop him from taking his shots and rebounding.

SMU fell to the Kansas in the last moments of the game, after putting on a tremendous offensive performance. Begert played a big part in that offense and the next evening (See BEGERT, Page 6)

### Easter Holidays

Canyon Schools will be closed April 8-11, in observance of Easter, according to James Perkins, Canyon High School assistant principal.

West Texas State University students will have a five-day recess beginning April 7 and ending April 11, according to Dean Walter H. Juniper.

### Babe Ruth Tryouts Are Held

"What's your number son?" "I hope he makes it, he's good."

"Say, what's his number?" Young aspirants for a position on Babe Ruth summer leagues turned out in force last Thursday for annual spring try-outs.

As the youths, 13-15 years of age, arrived on bicycles and in cars driven by their parents the coaches watched from the sidelines as player-agent Joe Zach Byrd, listed each boy and gave him a try-out number. The young baseball players (See BABE, Page 6)

### Fire Hits Palo Duro Poultry

Fire, fanned by south-east winds, swept through Palo Duro Poultry Farm 11 miles north of Canyon Monday destroying three turkey brooders and an elevator and mill room.

Owner E. J. McCartt estimated damages at between \$40,000 and \$50,000.

McCartt said one of the brooders had been recently cleaned (See FIRE, Page 6)

### Auto Tag Deadline Is Today

Today, March 31, is the deadline for buying automobile tags according to the Randall County Tax Assessor-Collector's office.

Tags must be on the automobile by midnight, April 1, and inspection stickers must be on the automobile by April 15.

### Dial Change For Canyon

Two telephone service changes are due to go into effect in Canyon soon according to Vance Smith, telephone company manager.

Effective April 14, Canyon customers will have to dial all seven digits of a telephone number before the called number will ring, according to Smith.

In speaking of the dialing change Smith said, "Some of our customers are presently in the habit of dialing the last four digits of a local telephone number instead of dialing the prefix of OLIVE 5 plus the last four digits. Due to some changes and additions which have been made to our equipment in the central office, customers will not be able to call with only four digits starting (See DIAL, Page 6)

### Probation Officer Is Court Topic

Juvenile probation was a focal point of discussion at a meeting of Randall County commissioners court Monday.

Judge Lloyd King said several applicants have been received for the job of probation officer. Sheriff L. S. "Slim" Johnston presently is filling the post, in addition to his other duties, on a temporary basis.

Johnston has agreed to fill the job until Jan. 1.

Judge King pointed out that (See PROBATION, Page 6)

### Eighth Grader Is Tops In Bee

Stephen Huntington was named Randall County spelling bee champion for the second year in a row last Friday afternoon at Canyon Junior High School.

Huntington, son of Mr. and Mrs. Ralph Huntington of Canyon, will represent the county at the regional bee sponsored by the Amarillo Globe News on April 23. Huntington is an eighth grade student at Canyon Junior High School.

Winner of the regional bee will receive an expense paid trip to Washington, D. C., to compete in the national eliminations during June.

County runner-up in the senior division was Marilyn Koch, daughter of Mrs. Alice Koch of Umbarger. Miss Koch will serve as an alternate for competition in the regional meet.

Words deciding the senior championship were "subscriber" and "tradition". Decision on the junior bee came on the spelling of "commodities" and "consonant".

Mary Raef, daughter of Mr. and Mrs. L. L. Raef of Umbarger, was named junior bee

winner. Second place went to Marilyn Read, daughter of Mr. and Mrs. Paul E. Read, who represented Rex Reeves Elementary. Shelly Jones, daughter of Mr. and Mrs. Bobby Bayless, was the top representative for Gene Howe Elementary.

Junior division winner will be a special guest at the regional bee luncheon and contest but will not be eligible to compete. Each county champion (See EIGHTH, Page 6)

One room in the high school building will be reserved as headquarters for each school. Lunch will be served from noon until 1 p.m. in the cafeteria at a cost of 50 cents per plate.

The CHS Student Council will maintain an information center in the entrance foyer of the high school building, McDonald said.

CHS entries will be Chris Kuykendall and Todd Cone, boys debate; Terry Blasdel and Ann Hamerson, girls debate; David Schutte, boys extemporaneous; Lynda Allen, girls extemporaneous.

### Campaign Waged In Race For Mayor

Most spirited election in recent years is in prospect for Canyon next Tuesday.

Two men are running for the office of mayor while six are seeking two posts on the city commission.

Focus of attention is on the mayoralty race where Bob Olson is opposing Paul Lindsey. Olson, who operates a mi-

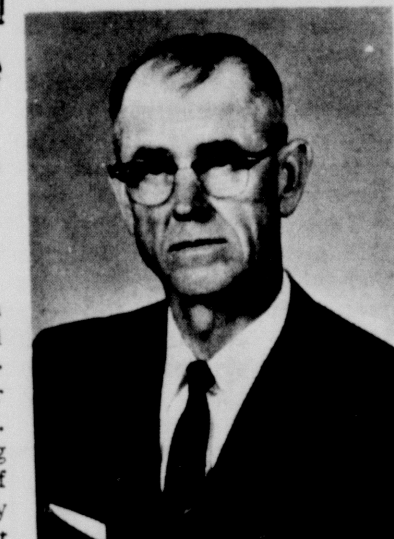

crofilm business in Amarillo, has conducted a door to door campaign. Lindsey, Canyon farmer and businessman, has not actively campaigned for the office.

Lindsey has lived in Canyon since 1929. During his early years in Canyon he was employed as a mechanic at Imperial Chevrolet.

He went to work at the Ford house and then bought the firm in 1938. He operated the Ford Agency until March of 1952. He presently has business interests in Canyon and farming interests in the area.

Lindsey served six years on the school board in the 1940s. He also served a number of years on the Canyon city commission.

Olson moved to Canyon in 1959 from Pampa. He served two years on the Pampa city commission from 1956 to 1958. He attended Oklahoma University and Dakota Wesleyan University. He holds a B.A. Degree with a major in mathematics (See CAMPAIGN, Page 6)

Competition will be conducted in some 30 events, including (See DISTRICT, Page 6)

### Chamber Election Set Early

Canyon Chamber of Commerce board of directors Monday night voted to hold election of board members earlier in the future on its annual program of work.

Ballots will be distributed Sept. 1. The election will be held Sept. 20 and shortly thereafter the board will hold its organizational meeting.

The board also has voted to change its office location. New quarters will be in the new building in the 2000 block of Fourth Avenue in a building being constructed to house HR's and the Panhandle Heritage Foundation.

The Chamber office will be situated adjacent the Heritage Foundation office and one receptionist will be able to serve both offices.

In other business Monday night, the board appointed Joe Gidden to serve on a West Texas (See CHAMBER, Page 6)

### Major Gen. To Inspect Cub Pack

Major General Selden Simpson, commanding general of the 36th Division, will be inspection officer for the annual inspection Thursday night of Cub Scout Pack 97.

Inspection will be held at First Baptist Church at 7:30 o'clock.

Cubmaster is Harold J. Pritchard.

Babe Ruth catchers Kelly Tinsley, left, and David Smith adjust head-gear for the annual spring try-outs held last Thursday at Babe Ruth League park. Some 31 boys were present for the try-out session.

by Troy Martin  
FROM THE  
CANYON RIM

Paul Lindsey agreed to run for mayor after much persuasion.

Paul doesn't need the job but Canyon does need Paul.

Lindsey is a man who achieved success through his own efforts and while doing so found time to serve his community along the way.

Paul probably has as good a grasp of Canyon's problems as any person living in this city. He is a Canyon businessman and farmer but has the time to devote to the job if he is elected to head the city government.

Paul has been associated with Canyon for the past 37 years. He served six years on the Canyon school board and is a veteran of several years on the city commission. He has a reputation for great integrity.

He works well with other people but doesn't pull any punches in speaking his mind when the chips are down.

We are at a crucial stage of growth here in Canyon. We need a man of Paul Lindsey's caliber as mayor of this city.

It's time for commissioners court to get on the ball and do something about hiring a juvenile probation officer.

Presently Sheriff L. S. "Slim" Johnston is doing the job as a favor to the court. Slim had been acting as custodian of the court house until recently when the court swapped off with him on the

juvenile probation job.

Being sheriff of Randall County has always been a tough assignment and is getting tougher. Even five years ago the sheriff's department could rely a great deal on the police departments of Canyon and Amarillo to police the two major population centers of the county.

Rapid development of unincorporated subdivisions is multiplying the obligations of the sheriff's department at a rapid rate. In these subdivisions police protection is provided by Randall County Sheriff's Department almost entirely.

Slim Johnston wasn't elected by the people of this county to serve either as custodian of the court house or as juvenile probation officer. When he had the time, I think it was nice of him to serve in these capacities. I think the days when he had time for these extras are gone.

Randall County is becoming a metropolitan area and the sooner we face this fact, the better. We not only need a juvenile probation officer, we also need a full-time juvenile officer—preferably a person with special training and experience in dealing with youth.

These people will need office space and their salaries and other expenses will cost money. If providing two such necessary county functions call for an adjustment in county taxes next year, then I think we ought to face that too.

District Attorney George Dowlen says misdemeanor probation is working out even better than he had expected.

Dowlen said there are approximately 35 persons on misdemeanor probation from Randall County at the present time and that probation has had the effect of keeping these folks on the straight and narrow. I'll admit that I was skeptical at first but if it works it's cheaper than keeping the county jail full.

Dowlen said only about a half dozen requests for probation have been turned down since Aug. 31, 1965 and these for a variety of reasons. Probation is much sought in cases of driving while intoxicated because an offender having been granted probation does not have to surrender his drivers license.

Only defendants with legal counsel are granted probation. Dowlen said there are forms to be filled out in probation cases and "We don't feel like that is our job."

County Judge Lloyd King has not been advising unrepresented defendants of the possibility of probation when they appear before him.

"I don't think it is my duty to be their lawyer," he declared.

Although I'm still not sold on probation for intoxicated drivers, I do believe that if granting probation is going to be a policy in this county, then all defendants should be advised of the possibility when they appear before the judge.

I do not think the treatment of the accused should hinge on whether he has legal representation.

Personally, I have no more sympathy for a drunk driver than I would have for a man gone berserk with a sub-machinegun. One is about as dangerous to the public as the other.

This column will always favor stern treatment of those convicted of DWI.

### Minor Fires Are Reported

Three minor fires were reported this week, according to Canyon Fire Department officials.

Saturday about 10 acres of grass was burned at Dr. Robert Busted's home, three miles east of the city.

A car fire was extinguished at 23rd. and 9th. Avenue Sunday and moderate damage was reported. Owner of the automobile is unknown.

Five acres of grass were also destroyed Sunday at Camp Don Harrington, eight miles north east of Canyon.

Week end guests of Rev. and Mrs. Doyce Whitten were Mr. and Mrs. Bobby Anson and Mr. and Mrs. Wayne Hanes, all of Clovis, New Mexico.

the runner-up in the senior division, Marilyn Koch of Umbarger, watches.

## Piano Festival Saturday

A "piano festival" presenting 40 Canyon piano students will be presented Saturday at the First Methodist Church of Canyon beginning at 1 p.m.

The festival is a continuation of one started at West Texas State University seven years ago and several medals will be presented for superior playing.

Five Canyon piano teachers have planned the occasion which will be open to the public. Pupils of Mrs. Houston Bright, chairman, Mrs. R. E. Barnard, Mrs. Herschel Coffee, Mrs. Herman Demus and Mrs. Ples Harper will be presented in the festival.

Judge for the event will be Miss Matilda Gaume of the faculty of music at West Texas State University. Miss Gaume is a senior member of the piano faculty at the university and has wide experience in judging. She has completed most of the work toward a doctorate in music at the University of Indiana. She is teacher of piano pedagogy course at the university.

### Floyd Rites Held Monday

Funeral services for James Lawrence Floyd were conducted Monday morning at LaGrone Funeral Chapel with Herman Alexander, pastor of the Central Church of Christ, officiating.

Born April 30, 1891, Mr. Floyd died March 23 at La-Casa Canyon Convalescent Home in Canyon. His former residence had been 1415 Third Avenue.

Mr. Floyd, who was born at Elgin, was 74 at the time of his death. He was a member of the Church of Christ, American Legion, Veterans of Foreign Wars, and was a veteran of World War I.

Interment was at the City of Lubbock Cemetery with arrangements directed by LaGrone Funeral Home.

Pallbearers were Leroy Miller, Ray Bible, Bob Chambers, Russell Thompson, O. C. Free, and Eric Burnett.

Survivors include two sons, Calvin of Canyon and James of Sonora; three daughters, Mrs. Harmon Fox of Salinas, California, Mrs. Calvin Stephens of Watts, Oklahoma, and Mrs. T. N. Brindle of Alameda, California; a sister, Mrs. T. H. Theim of Austin; 17 grandchildren and six great grandchildren.

### Canyon People Enter Exhibit

Four Canyon residents will be among those from a 26-county district to enter the annual Citation Art Exhibition in Amarillo April 17-29.

Among those submitting work for the Amarillo exhibition will be Dr. Burl Brim, Mrs. J. L. Denton, Marguerite Ordway, and Mrs. C. L. Wilson.

The showing will be conducted at the Tascosa National Bank.

An entry blank and fee of \$2 per painting must accompany the art works. Dr. Brim said he had a few of these blanks.

A purchase prize of \$200 will be paid for the picture by an artist from this region that wins the Jurors' Citation Award at the state show in Austin during July and August.

Exhibits in Austin will be judged separately and by region and may be awarded Juror's Citation and or Circuit Merit.

Dr. Donald L. Weismann, University of Texas art professor, will judge the winners' works and select those to be shown throughout Texas and abroad in Texas Fine Arts Association shows.

# WT Coed Wins Beauty Crown

Teresa Harrington, freshman at West Texas State University, was crowned Saturday night as Miss Amarillo at Tascosa High School.

Along with the honor of representing Amarillo in the Miss Texas Pageant to be held July 20-23, Miss Harrington received a \$500 scholarship to

TERESA HARRINGTON

the school of her choice, a \$250 wardrobe from an Amarillo clothing store, a complete outfit of western wear, a year's free hair styling, and a color portrait for being Miss

Congeniality of 1966 at the pageant. This marks the second year that Miss Amarillo was also named Miss Congeniality.

While at Tascosa High School Miss Harrington received the best actress award and an all-star medal in one-act play competition.

A drama major at WTSU, the 18-year-old beauty has also appeared in a one-act play entitled "When The Fire Dies". She is now rehearsing for another one-act entitled "The Hero" and also for the role of a dancer in "Carousel".

Her dramatic talents also played a role in her being selected Miss Amarillo as she performed a cutting from "Bec-ket" in the competition. She also appeared in evening gown and bathing suit for the judges.

She credited her decision to compete for the title to Camille Hess who owns a dance studio in Amarillo.

"She contacted me and asked if I would like to run," Miss Harrington said. "I've never entered any kind of contest before," she said, "but I won this one and it certainly is a thrill."

Amarillo Jaycees, who conducted the contest, will send Winstoq Measures of Amarillo as Miss Harrington's sponsor for state competition.

pion will receive an engraved plaque and gold pen during intermission at the regional bee. Junior champions from counties of the area will receive trophies and silver pins at the regional meet.

In the county contest, County Judge Lloyd King presented winners with pens inscribed with "school champion" and blue and gold ribbons.

Pronouncer for the county bee was Steve Carter. Judges for the event were Mrs. Roy Lyles, Mrs. J. Edwin Low, and Mrs. Helen Taylor.

### Begert. . . .

(Continued from page 1)

against seventh ranked Cincinnati, the Mustangs came back with another great effort. The Mustangs shocked Cincinnati by whipping the Missouri Valley Conference champion before 10,000 screaming fans in the Lubbock Municipal Coliseum.

Begert, who makes his home in Umbarger where he grew up, was all-Stater at Canyon in both 1962 and 1963. In the 1962-63 campaign, Begert led the Eagles to the finals of the state tournament, totaling 726 points.

In a ruggedly fought battle, the Eagles fell to Buna 47-41 in the finals, finishing with a 24-11 season mark.

Begert averaged 20.7 markers a battle that season, when Canyon was still in 2AA basketball competition. Bob scored 25 points in the regional championship game, 25 in the first game of the state play-offs and 17 in the state championship affair.

Begert was completely surprised when presented with the Bobby James Award at the annual athletic banquet at SMU.

As a member of Coach Doc Hayes conference champions, Begert grabbed off an average of 12.6 rebounds a game, the second best on the SMU team. In his sophomore season last season, the 205-pound cager averaged 11.1 points a battle and added 6.4 caroms per game.

At Canyon his senior year, Begert scored over 30 points in four games, 28 in another, and 26 in two others.

The season high for Begert at SMU this season was a fine 22-point performance against Baylor in a pressure match, won by the Mustangs on difference of one basket.

Greater things, evidently, are going to come to the pride of Canyon and Umbarger next season, in Begert's senior college campaign. As the saying goes "history often repeats itself", and how could Canyon forget the greatness of Begert during his senior high school season!

### Chamber. . .

(Continued from page 1)

as State University planning board.

Three members of the Canyon community will serve on the board which also will have representation from the WT faculty, administration and student body.

Purpose of the board is to assist in planning expansion of the university facilities. Appointment of such boards to serve state institutions has been requested by the coordinating board which oversees such institutions of high learning.

Chamber Manager Roland Black announced that Representative Walter Rogers will tour Buffalo Lake some time soon. His aid will be solicited to assist in getting a number of improvement at the lake.

and the wet litter stacked beside one of the buildings. Heat in the droppings probably caused the fire that was spotted about 12:30 p.m., he said.

Six fire units from Canyon, an Umbarger crew, and two companies from Amarillo Fire department, hampered by gusty winds, battled the blaze, McCart said.

While firemen sought to bring the brooder house blaze under control, fire broke out in a 150' long mill building north of the turkey sheds.

Canyon firemen were at the scene until almost midnight keeping the 300,000 to 400,000 pounds of grain and cotton seed meal soaked with water to prevent damage to adjacent buildings.

McCart described the mill as the "heart of operation" and explained that 2,000 cattle were fed daily from grain in the elevator. He said he had partial insurance on the mill but none on the grain or brooding sheds.

"We moved to a large shed with our feeding operations," McCart said, "so none of our cattle went hungry."

No turkeys were on the farm at the time of the fire, but McCart said some young fowls would be arriving on schedule about the middle of next month.

He said that 6,000 turkeys could be housed in the sheds that were destroyed.

McCart said that his normal 30,000 turkey capacity would not be cut back to any great extent.

He praised the firefighters and said he had no idea local units could handle a fire of such size.

## Buffaloes Scrimmage In Spring Workouts

For the second week in a row, freshman backs stole the show, as the West Texas State University Buffaloes had their third game-type scrimmage of spring workouts last Saturday.

The first team offense ran up 71 points, while the number one defense allowed the offensive thrusts of the second offensive unit nothing but zeroes. Coach Joe Kerbel was well pleased with the workout, especially the defense which saw the second team penetrate its 50-yard line but once all afternoon.

Young backs Gene Morris, Curley Watters, and powerful Albie Owens cut the second team defense to shreds, with a combination of strong running and pass catching. Morris, a speedy 185-pound halfback from Pittsburg, Pa., was the top rusher with 194 yards in 15 carries. Morris also caught a 68-yard touchdown bomb from Spencer "Hank" Washington and for the day, caught 4 passes for 108 yards.

Owens blasted for 180 yards, averaging nine steps a carry on 20 tries. One of the four touchdowns which Owens scored came on a spectacular 75 yard ramble. Watters took eight aeri-als for 55 yards.

Washington hit on 14 of 25 pass attempts for 304 yards while backup signalcaller, Roy Winters, connected on 25 of a fantastic 66 attempts for only 180 steps.

The experienced defensive unit known as the "Unfriendly Society" was almost faultless,

then adjourned to the playing field where they began a series of practice pitches while other "hopefuls" arrived to sign up.

"Let's line up and play catch awhile," said a coach as he dumped a cardboard carton of baseballs on the playing field. "Careful now—don't throw any wild pitches and hit someone."

"That's almost a line drive pitch" and "I'm gonna shoot at your belt buckle" were among the comments heard from the boys as they hustled after every pitch.

The group of "hopefuls" were then placed in single lines at shortstop and second base positions and were given three tries to field a ball and pitch it to home-base where potential catchers, Kelly Tinsley and David Smith, were waiting.

The boys were trying out for positions on the Cardinal, White Sox, Giants and Pirates teams of Canyon. Three other teams in the county are also active in the local Babe Ruth program including Happy, Umbarger and Fannin of Amarillo.

Babe Ruth league coaches are Tom Keeling, Orville Hicks, Manson Lisle, and Max Bosley. League president is Dr. Dudley Moore and other officers are JoZach Byrd, player-agent, and Dr. George deSchweinitz, secretary.

Coaches for the four Canyon teams were gathered along the sidelines comparing notes on the showing of the boys and asking again—"Son, what's your number?"

## WTNine Drops Another Pair

BY ART ALBRACHT

Wallowing in the depths of defeat, the basebalers, of West Texas State University dropped two more diamond contests to Abilene Christian College last week in Abilene.

Yesterday, the Buffs traveled to Southwest Oklahoma State at Weatherford, hoping to finally grab their first victory.

ACC took the Buffs 14-4 in a game called after five innings and 3-1 in the nightcap of the twinbill in Abilene. Prior to the games, the teams had agreed that if either should hold a ten run advantage in the fifth frame of the battles, that team automatically won.

WTSU came very close to winning in the second game, before pitcher John Williams balked with an ACC runner on third base in the bottom of the sixth. The Herd had knotted the tight contest at 1-1 in the sixth, when James Self reached first on an error, stole second and scored on a line single by Mike Moffett.

An unearned marker in the first inning had given the Wildcats a one run advantage until the sixth. In the ACC sixth, the Wildcats first hitter singled and moved to second when centerfielder Mike Moffett of the Herd, allowed the ball to get by him. Williams then cut down Dick Gooch on strikes for the first out of the inning. The next ACC hitter singled to right, sending the lead off man from second to third.

Williams, pitching from the stretch position, then balked after making a move toward first, only to find the first baseman far from the bag. Williams held the ball, resulting in a balk. ACC took the lead 2-1 and shortly added an insurance tally when Williams threw the ball into center field on an attempted pickoff.

The Buffs committed six errors in the ill-fated contest and could nick winning pitcher Craig Collier of ACC, for only two singles. Sonny Fox and Moffett, who had hits in each game, totaled singles in the nightcap.

In the opener, the Herd held the lead for the first time in any game this season, in eight outings. After the Wildcats played a run in the first inning,

the Buffs took the lead with a pair in the top of the third. WTSU marked the two runs on a single, a three base fielding error by ACC and a walk. Self, who singled to score the first Herd run, came across on the big error.

Bob Lazzari, loser of his fourth game, seemed to really gain his good stuff in the first two frames, only to completely lose his control. Lazzari walked the first two Wildcat hitters in the third, then committed a throwing error, and proceeded to walk three more, before Coach Geary Taylor replaced him with Williams.

The ACC nine exploded for 10 runs in the third stanza, to wreck the Herd victory thoughts. WTSU managed to tally two more runs in the fifth in an effort to prolong the contest passed the five inning-ten run agreement. ACC, which scored two runs in the fourth inning, added the winning tally in the home half of the fifth.

The Wildcats scored the decider on a walk, wild pitch by Williams, and a triple by Terry Smith. Starter Bill Gilbreth went all the way for ACC, striking out 10 Herd hitters.

WTSU made three fielding miscues and totaled a mere 4 hits offensively. The Herd probably hit the ball the best it has this season, but the solid drives went right to the Wildcat fielders.

The Herd, which entered the Wednesday road twinbill against Southwest Oklahoma with an 0-8 record, will host Panhandle A & M and Reese Air Force Base in double matches on Friday and Saturday, respectively. After the weekend battle, the Buffs will take off for the Easter break before resuming action in a Canyon affair against Southwest Oklahoma State on April 13.
